3. DIY Obstacle Course

Use pillows, blankets, and furniture to design an exciting obstacle course for your family. Jump, crawl, and slide your way to victory.

...

98. Movie Night Marathon

Gather your favorite movies, make some popcorn, and have a movie night marathon with your loved ones. Snuggle up on the couch and enjoy a cinematic experience without leaving your home.

99. Cardboard Box Fort

Transform old cardboard boxes into an epic fort. Cut windows, decorate with markers, and let your imagination run wild as you create your own secret hideout.

100. Scavenger Hunt

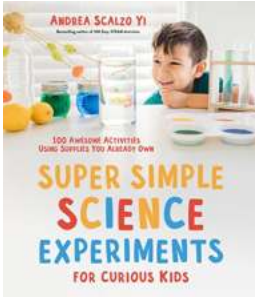

Organize a scavenger hunt using items from around your house. Create a list of clues and hide them in various locations. Rally your friends or family members and see who can find all the items first.

There you have it – 100 awesome activities that you can enjoy using supplies you already own. The possibilities are endless, and these activities guarantee hours of entertainment and fun. So, when you find yourself in need of something to do, don't worry about spending money. Look around your house, let your imagination run wild, and create your own adventure!

Fun and Easy Hands-On Projects for At-Home Science

Turn your home into your laboratory as you explore and experiment through dozens of science projects with Andrea Scalzo Yi, bestselling author and the creative mastermind behind Raising Dragons. With just a few common household items you'll learn creative problem-solving skills, nurture your curiosity and experiment just like a real scientist.

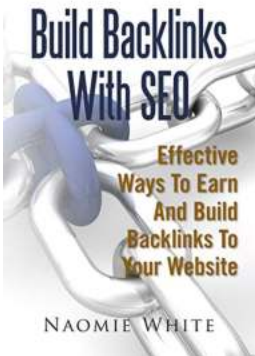

Jam-packed with 100 exciting experiments, you'll never run out of projects to amaze and astound. Create colorful reactions with a Lemon Volcano, investigate surface tension using Magic Milk and explore centripetal force with your own Tornado in a Bottle. You can even unlock your inner artist with beautiful Sun Print artwork; all you need is the sun and some paper—no paint required! Each engaging experiment includes a simple explanation of the science behind it, as well as variations on the project, so you and your family can make the most of each activity.

Get out your lab coats and strap on your safety goggles—it's time to tinker and test with Super Simple Science Experiments for Curious Kids.
