America! The beacon for a better life for those great waves of Jewish immigrants who had escaped the brutality, forced conversions and massacres suffered for so many years by their co-religionists. In his two acclaimed earlier works, “Flower of God” and “Malka’s French Soldier,” Dr. Herbert Ausubel, whose incredible family history can be traced back to King David, wove riveting tales about his ancestors, the long line of physicians, artists, scientists, and historians who roamed the

Diaspora. Now, we have the joy of meeting yet another line of the family, this time, average men and women whose nobility comes not only from their will to survive, but their determination to hold fast to their proud Jewish heritage. We meet them in “The Immigrants.” Ausubel takes us back to the middle of the 14th century, where we witness rabid anti-Semitism through the eyes of Shmuel Einwohner of Strassbourg (capital of Alsace in what is now France). Einwohner was one of the few who escaped the horrors of Strassbourg where nine hundred Jews were burned alive. He was among the great wave of Jews that fled to Poland, where they were blamed for causing the very plague that was killing their own people.
