So, it turns out Titan power is pretty awesome. Only I can't control my new gift and that's not only embarrassing but also dangerous.

And I'm sure our new professor is one of the two demons I accidentally let loose in Olympus. Icarus says we should lay low for a while but every time Professor Neos flashes me those red eyes I want to challenge him.

And when students start collapsing to the ground with their souls stolen, I don't have a choice but to act.

Olympus Academy: The Demon Demigod is the second book in the Olympus Academy series. Expect epic magic, lethal demons, fierce friendships, budding romance, a few twists and turns and even flying ships!
