From my first steps as a toddler to the bittersweet farewells of high school, each snapshot transported me to a different moment in time. The sound of laughter, the scent of summer, the touch of loved ones – everything came rushing back with an intensity that was impossible to ignore.

Rediscovering Forgotten Treasures

As I delved deeper into the pages of the album, I found myself uncovering forgotten treasures that had lain dormant for years. Among the faded photographs, I discovered handwritten letters from friends I had long lost touch with, postcards from exotic destinations, and ticket stubs from once-in-a-lifetime concerts.

It was like unearthing buried treasure – except these riches were not measured in gold but in emotions. Each artifact carried a piece of my history, a fragment of my soul. These tangible reminders of past joys and sorrows transported me back to those moments of sheer existence, reminding me of experiences that had shaped my being.

An Odyssey Through Memories

As I journey through "My Journey As Remember", I am reminded that our memories have the power to transcend the confines of time and take us on an extraordinary odyssey. Each memory is like a brushstroke on the canvas of our lives, painting a unique picture that is solely ours.

A stroll through a sunlit meadow from my childhood; the whisper of the wind as I stood atop a breathtaking mountain peak; the electric energy of a city pulsating through my veins – these memories, etched into the tapestry of my mind, serve as a constant reminder of the diverse tapestry that makes up my existence.

The Lessons Within

Aside from the vibrant array of memories, "My Journey As Remember" has taught me valuable lessons about life. It has shown me that the passage of time is both relentless and beautiful, that even the most fleeting moments can leave an everlasting impact.

Through reminiscing about cherished memories, I have come to appreciate the significance of living in the present and cherishing the people and experiences that shape our lives. It has become evident that memories are not confined to photographs or mementos; they exist within us, etching their mark on our souls.

If you take a good look at the cover of the book, you will see a picture of a little boy and his sister, taken in the early 1920s in the state of Oklahoma. That picture represents the beginning of his journey. Darrell Stark's story begins with the first seventeen years of his life, including the hardships that he endured, along with the deep sense of perseverance and overwhelming capacity for love that he learned along the way.

The second part of his journey begins when he enlisted in the United States Army and requested duty in the Philippine Islands. He was in the Philippines when World War II began. He fought in three of the four major battles in Bataan before

it was surrendered by General King. At that time, Darrell Stark was captured and became a Prisoner of War of the Japanese for three and a half years.

The third part of his journey begins with his liberation in September of 1945. At that time he returned to the United States to his loving and loved family, and struggled to come to terms with a multitude of physical and psychological problems.

The fourth part of his journey begins when he met his wife and moved to the state of Connecticut, where he was a recipient of the kindness and confidence of many wonderful people. That helped him to get a start in life despite his war experience. As the third picture on the cover will indicate, he moved on to acquire a position of responsibility and trust and to maintain a successful and rewarding life.
