When John Schilling, an unassuming midlevel accountant, joined Columbia Healthcare Corporation --

the nation's fastest growing and revolutionary network of public hospitals -- it seemed like the start of an exciting new career with great advancement and earnings potential. He never expected to become a catalyst for the series of "whistleblower" lawsuits that ripped through the healthcare industry in the late 1990s

In *Undercover*, John Schilling tells the story of his harrowing journey from ordinary citizen and loyal employee to covert FBI informant and top witness for the Justice Department in the largest criminal healthcare fraud case in U.S. history. It began when he stumbled upon evidence-- a \$3.5 million accounting "error"--of his company's routine practice of defrauding Medicare. When pressured to comply with stealing from taxpayers, Schilling knew he had to speak up for what he believed was right, regardless of the cost to his job, his reputation, and his family. His courageous choice would consume the next seven years of his life, leading to more drama, angst, turmoil, and money than he could have imagined. Ultimately, Schilling's moral conviction and a little known law, the False Claims Act, paid off by forcing the formidable healthcare conglomerate of Columbia/HCA to pay back \$1.7 billion to the federal government.

Revealing the personal side of a thankless role, *Undercover* is a gripping and inspiring account of a long, hard, life-- changing quest for justice.

ADVANCE PRAISE FOR UNDERCOVER

"*Undercover* crackles with authenticity as it recounts in a lively, readable style how a man on the inside risked everything and blew the whistle on a giant healthcare company that was systematically looting the Medicare program out of

billions. A good read for anyone, but a must-read for someone who may contemplate taking the same path as John Schilling"

-- John R. Phillips, "The nation's premier whistleblowing attorney" according to the The Wall Street Journal and the National Law Journal

"John Schilling's book is a must-read for whistleblowers. He shows you how hard it can be, yet also shows you how to prevail. Best of all, John shows you how to be a good citizen" -- Jim Moorman, past President, Taxpayers Against Fraud
