Ross & Judy Young's combined belief that children comprehend intricate ideas at a very young age made it possible for them to seamlessly create "S is for Show Me: A Missouri Alphabet." The husband and wife team elegantly synthesize text and illustration to provide a rich texture of the Show Me State. The alphabet book employs a two-tiered approach that reaches Pre-K through 6th grade students. A rhyme for each letter of the alphabet catches the attention of younger readers, while older elementary students grasp a richer understanding of the topic by reading expository information on the same page.
