The World of Chew

The story unfolds in a twisted version of our world where chicken is illegal due to a devastating avian flu. This prohibition has given rise to a black market for poultry, and the FDA has become the most powerful law enforcement agency. Tony Chu, our main protagonist, is a cibopath - a person who receives psychic impressions from anything he eats. This unique ability proves to be invaluable in solving crimes. As he participates in investigations, Tony often faces bizarre and dangerous situations, making Chew a compelling and action-packed read.
