

Sky Color Creatrilogy: Unveiling the Magic of Colors in the Sky

Have you ever wondered why the sky changes its color throughout the day? Have you noticed the breathtaking hues during sunrise and sunset? Let's dive into the fascinating world of Sky Color Creatrilogy, an enchanting book series authored by Jack Patton, where colors come alive and ignite our imagination.

Exploring the First Book - "Sky Color"

"Sky Color," the first mesmerizing installment of the Creatrilogy series, takes young readers on an extraordinary journey. The story revolves around a young artist named Marisol. She is given the task of creating a mural in her school, but when she tries to paint the sky, she faces a unique problem - she doesn't have any blue paint.

Marisol embarks on a quest to find a solution and discovers that even without blue paint, she can capture the essence of the sky by using her creativity and mixing other colors. With the help of her friends and newfound inspiration, Marisol learns that imagination knows no boundaries when it comes to expressing the beauty of the sky.
