A Memoir of Jane Austen By James Edward Austen-Leigh An Annotated and Illustrated Version.

James Edward Austen-Leigh's Memoir of his aunt Jane Austen was published in 1870, over fifty years after her death. Together with the shorter recollections of James Edward's two sisters, Anna Lefroy and Caroline Austen, the Memoir remains the prime authority for her life and continues to inform all subsequent accounts. These are family memories, the record of Jane Austen's life shaped and limited by the loyalties, reserve, and affection of nieces and nephews recovering in old age the outlines of the young aunt they had each known. They still remembered the shape of her bonnet and the tone of her voice, and their first-hand accounts bring her vividly before us. Their declared partiality also raises fascinating issues concerning biographical truth, and the terms in which all biography functions.
