The Littlest Candle is an inspirational story of faith and perseverance for anyone to enjoy. It tells of the creation and life of some candles and their travels across the universe. Focusing on a small candle, which is unsure of itself and teased by some, as it realises its worth and discovers its purpose.

Some of the illustrations were inspired by Astronomy with beautiful full colour space images provided after the main story. Their write-ups contain basic and advanced levels of text, intended for more mature study, and are arranged to stir the imagination and encourage further research into deliberately suggested, but not fully revealed, information. This can also then be used as the basis of a research project.
