Initiatives like universal childcare and increased funding for schools are just a few examples of how Alberta is investing in the future by investing in its youth.

Furthermore, the second edition shines a light on Alberta's healthcare system, which strives to provide top-notch care for its residents. Through a focus on preventative medicine, innovative technologies, and bolstered healthcare infrastructure, the province is working towards equitable access to healthcare services, regardless of socioeconomic background.

Another aspect of Alberta's social conscience that the second edition examines is the drive for social justice. Alberta has been at the forefront of advocating for equality and inclusion. This book is a biography of my dad's political life. However, it is also a primer for would-be politicians. Its most salient message? Political victory worth having rarely comes easy.

– Rachel Notley, from the Foreword

Grant Notley, leader of Alberta's New Democratic Party from 1968 to 1984, stood out in Alberta politics. His goals, his personal integrity, his obvious dedication to

social change, and his “practical idealism” made him the social conscience of Alberta. He bridged the old and the new; he provided the necessary hard work to ensure the continuation of a social democratic party in Alberta. Albertans felt intuitively that he represented a part of their collective being, and his untimely death in 1984 touched them deeply. Leeson’s new recognizes Grant Notley’s significant contribution to the continuity and health of his party while acknowledging the important work of his daughter, Rachel Notley, who led the Alberta NDP to electoral victory in 2015. Readers of politics, biography, and social history will appreciate this new edition of an important book.
