Great Englishwomen by English author M.B. Synge is a book of historical women first published in 1911 in the United Kingdom.

A celebrated collection of historical women throughout history.

Excerpt

‘PRINCESS ELIZABETH (1596-1662).

ELIZABETH, eldest daughter of James I., was one of the most heroic women of her time; first an English princess, then a foreign queen, and lastly almost a

beggar in a strange land, she always managed to be bright, and to cheer those around her, when she could.

She was born in August, 1596, in a Scotch palace, and as she was the first daughter of the Scotch king, a regular establishment of nurses, rockers, and attendants was provided for her; she was given everything that could make her happy, supplied with costly dolls, and dressed in velvet or plush.

When Elizabeth was only seven, her godmother, the Queen of England, died, and James I., her father, went to England to be crowned king, thus uniting the two countries of Scotland and England. Elizabeth and her elder brother Henry went with their father and mother, and all were received with great joy in England. The children only stayed at court three weeks, when they were sent to an old abbey in the country with tutors and governesses. Here they were very happy; they played about the lovely grounds round the abbey, rode and hunted, breathed the free country air, and learnt their lessons in large spacious rooms. Elizabeth [Pg 62] could write very well even at seven, and whenever her brother was away, she wrote him charming little letters between lines ruled in red ink. When she was nine Gunpowder Plot was discovered.'
