

# The World of Letters: Tale of Jealousy

Once upon a time in the enchanting world of letters, a tale of jealousy unfolded. Words and sentences lived harmoniously, each knowing its role in creating beautiful stories. However, lurking in the shadows was a sense of envy that threatened to disrupt the tranquility of this literary paradise.

## Jealousy - The Green-Eyed Monster

Jealousy, the green-eyed monster, had found its way into the hearts of the letters of the alphabet. It started innocently enough; a few letters began comparing their usage frequency, trying to measure their importance by how often they appeared in written text.

At first, the popular letters like "E" and "A" seemed content, flaunting their prevalence in words. But behind their apparent satisfaction, a storm of discontent brewed. The less common letters felt neglected, overshadowed by their more illustrious peers.

In each panel, the left-most bar shows the percentage difference in quetiapine days between control and treatment patients from all prescribers in the 9 months after the start of the intervention. The next 3 bars display percentage point contributions to the percentage difference of the following 3 mutually exclusive categories: the patient's study prescriber, other nonpsychiatric prescribers, and other psychiatric prescribers. The contributions of these 3 categories sum to the all prescriber percentage difference. Each bar reports an

adjusted percentage difference (difference between control and treatment means, divided by the control mean; difference adjusted for baseline receipt and other characteristics described in the Statistical Analysis subsection of the Methods section and the Regression Control Variables subsection of the Statistical Approach section of Supplement 1). Error bars indicate 95% CIs. See eTable 3 in Supplement 2 for coefficients.

As jealousy spread its toxic influence, the harmony among the words and sentences started to dissipate. The letters no longer worked together seamlessly, each striving to outshine the others. The once-united alphabet became a mere collection of individualistic entities.

## The Battle of Letter Prevalence

The battle for letter prevalence soon ensued, with each letter vying for the attention of writers and readers alike. Letters embarked on intense marketing campaigns, hoping to increase their usage frequency and secure their position in the literary world.

For instance, the letter "Q" felt particularly vulnerable due to its infrequent appearance in words. Determined to overcome its disadvantage, "Q" formed alliances with other less common letters like "X" and "Z". By joining forces, they aimed to create a sense of rareness and exclusivity around their usage.

[Date Signed]

Meanwhile, the more common letters basked in their popularity, often using their prevalence as a selling point. "E" and "A" started appearing more prominently in various literary works, further solidifying their positions as the darlings of the alphabet.

## The Intervention of Punctuation

As writer frustration grew with the letters' constant need for attention, punctuation marks stepped in to restore order. Commas, full stops, and question marks became the voice of reason, reminding the letters of their interdependence and importance in forming coherent sentences.

Punctuation marks emphasized that no letter could exist in isolation; their power lay in their collaboration and ability to convey meaning collectively. Writers and readers needed all letters to create compelling tales, regardless of their frequency or popularity.

The letters, humbled by the intervention of punctuation, realized the folly of their jealousy. They understood that in the vastness of the literary world, every letter had its purpose and unique contribution. Their envy had only caused discord and hindered the creation of captivating stories.

### **A Reunion of Words and Sentences**

With jealousy relinquished, the letters embraced a newfound harmony. They reunited with one another, eager to create stories that captivated minds and sparked imagination. Each letter understood that it was not about individual prevalence, but the way they worked together in unison that gave literature its beauty.

From that day forward, the world of letters thrived with renewed creativity and unity. Writers reveled in the freedom of using every letter to construct their narratives, unlocking the full potential of storytelling.

### **The Legacy of the Jealousy Tale**

The tale of jealousy among the letters serves as a timeless reminder of the dangers of envy and the importance of collaboration. In a world driven by competition, it is easy to lose sight of the value of unity and collective efforts.

Just like the letters, human beings must recognize that everyone has a unique contribution to make, regardless of popularity or prevalence. By embracing diversity and working together, we can create a more harmonious and richly woven tapestry of ideas.

Let the tale of jealousy among the letters be a lesson to us all, urging us to celebrate our differences and cherish the role each person plays in the grand narrative of life.

The virtual world of AbbaLand is the home of all English letters and English words. It is watched over by the all-powerful creator, Abba, although many letters don't believe He exists. They think He is just a fairy tale.

Because he thinks that no one sees his actions, A comes up with a bad plan that has the potential to throw the entire land into chaos. A is jealous of I. A wants to be the most popular letter, but the invention of words like iPod and iPad have made I one of the most famous letters in AbbaLand!

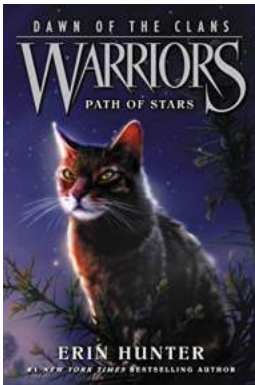

With the help of his friend E, A forms a plan that will teach I once and for all who the most popular letter truly is. It will take some tough life lessons for A to see the error of his ways!

In this charming book, children will learn not only the value of English grammar and spelling but the importance of friendship, humility, and compassion. Author C. C. Strachan includes discussion prompts and questions to help both you and your children see how the events of AbbaLand relate to your own Christian lives and godly virtues.
