The concept is simple yet powerful. Each Message In The Box contains a beautifully designed box with a heartfelt message enclosed within. The recipient receives the box and, upon opening it, is greeted with a personal message and a carefully selected gift.

The Art of Connection

Message In The Box is not merely a gift; it is an experience that bridges the gap between sender and receiver. With each box carefully crafted to reflect the sender's intentions, emotions, and memories, the recipient is transported into a world of shared moments and heartfelt connections.

The art of connection lies in the tangible nature of the box itself. In a world of ephemeral digital interactions, the act of physically holding a message adds weight and significance. It creates a lasting memory that continues to resonate long after the box is opened.

Creating Lasting Impressions

Whether it's a handwritten love letter for a spouse, a heartfelt apology to a friend, or words of encouragement for a family member, each box is meticulously curated to convey the sender's emotions with authenticity and depth.

The gifts included in the box further amplify the impact of the message. From thoughtful trinkets that evoke shared memories to personalized mementos that celebrate individual passions, the gift serves as a tangible reminder of the connection between sender and receiver.

A mysterious box and a haunted museum

It wasn't my psychic abilities that led me to the box. It was the dog. But it was my special talent that told me there was a man in the box on the side of the road. A murder victim.

The visions I get from the man make no sense. In fact, all my visions on this case seem to lead nowhere. Have I lost my gift?

When the killer targets someone close to me, I must trust my visions and trust myself to save her. Will it be enough?

Mystery readers, like you, are saying, “Dawn Merriman has done it again with another great Gabby book. A twisty mystery that hits the ground running and more from the cast of characters I have grown to love.”
