The Road to the White House

A Lifetime of Humanitarian Work and Philanthropy

While Carter's presidency lasted only four years, his impact on the world did not wane after leaving the White House. Instead, he channeled his energy into humanitarian work and philanthropy, creating lasting change across numerous spheres.

One of Carter's most notable contributions has been his involvement with Habitat for Humanity, an organization focused on building homes for those in need. Carter and his wife, Rosalynn, actively participate in the construction of these homes, embodying their belief in hands-on service. Their dedication and commitment have inspired thousands of volunteers, allowing Habitat for Humanity to thrive and provide homes for families worldwide.

Beyond housing, Carter has tirelessly worked towards eradicating diseases, particularly Guinea worm disease. Through the Carter Center, founded in 1982, he has collaborated with global partners to combat neglected tropical diseases, promote mental health, and advocate for human rights. These efforts have improved the lives of millions of people around the world.
