Erika Leonard James, widely known as E.L. James, is undoubtedly one of the most popular authors of recent times. Her Fifty Shades trilogy, which skyrocketed

to international acclaim, had its roots firmly intertwined with Stephenie Meyer's Twilight series. James herself has admitted that Twilight inspired her to write the tale of Christian Grey and Anastasia Steele.

Just like Edward and Bella, Anastasia and Christian forged a passionate, complex relationship filled with self-discovery and emotional turmoil. Meyer's portrayal of an intense, forbidden love story served as a blueprint for E.L. James, who transformed it into a mature, erotic narrative.

Cassandra Clare: Embracing the World of Vampire Fantasies

Cassandra Clare, the brilliant mind behind The Mortal Instruments series, has repeatedly acknowledged the influence Twilight had on her writing journey. The

beloved author has expressed how Meyer's unique take on vampires and mythical creatures motivated her to delve into the supernatural world.

While Clare's books explore a different realm of fantasy, they share an emotional intensity and complex character dynamics reminiscent of Twilight. The remarkable success of The Mortal Instruments series is a testament to the enduring impact Stephenie Meyer's creation has had on the genre and subsequent authors.

Maggie Stiefvater: Celebrating the Power of Imagination

Maggie Stiefvater, renowned for her captivating storytelling in books like The Raven Cycle, acknowledges the profound effect Twilight had on her perception of storytelling. Stiefvater applauds Meyer's ability to create a world so enthralling and thought-provoking that readers couldn't help but be swept away.

Twilight introduced Stiefvater to the concept of building intricate mythologies and sparking vivid imaginations. It inspired her to craft fully realized characters who

face unique challenges and embark on extraordinary journeys. Through her work, Stiefvater seeks to emulate the sense of wonderment that Twilight instilled in her as an author and a fan.

Veronica Roth: Exploring the Depths of Humanity

Veronica Roth, author of the popular Divergent series, credits Stephenie Meyer with influencing her perspective on exploring the complexities of human nature.

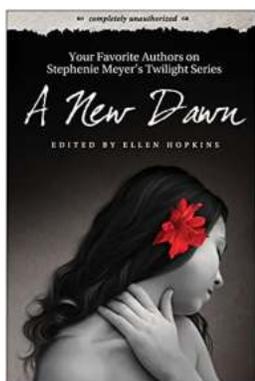

Roth admires how *Twilight* seamlessly weaves the supernatural into everyday life, highlighting the struggles and weaknesses that make us inherently human.

Through *Divergent*, Roth aims to create characters who face difficult moral choices and navigate a flawed society. Just as *Twilight* portrays characters embracing their true nature and making sacrifices for love, Roth's work delves into themes of individuality, bravery, and the power of self-discovery.

The immense success of Stephenie Meyer's *Twilight* series has touched the lives of both fans and a multitude of accomplished authors. Through their own unique lenses, authors like E.L. James, Cassandra Clare, Maggie Stiefvater, and Veronica Roth have embraced the engaging storytelling, complex characters, and profound themes that Meyer masterfully crafted.

As readers, we continue to be captivated by the imaginative worlds these authors create, grateful for the influence *Twilight* has had on their works. It's a testament to the lasting impact of Meyer's storytelling prowess, inspiring generations of writers to explore love, fantasy, and the depths of our humanity.

Fans of the literary phenomenon known as the Twilight series can't help wanting more. *A New Dawn* gives it to them, inviting readers to join some of their favorite YA authors as they look at the series with fresh eyes and fall in love with Edward, Bella, and the rest of Forks, Wash., all over again.

Edited by bestselling author Ellen Hopkins, *A New Dawn* is packed with the same debates readers engage in with friends: Should Bella have chosen Edward or Jacob? How much control do Meyer's vampires and werewolves really have over their own lives? The collection also goes further: Is Edward a romantic or a (really hot) sociopath? How do the Quileute werewolves compare to other Native American wolf myths? What does the Twilight series have in common with Shakespeare? With contributions from Megan McCafferty, Cassandra Clare, Rachel Caine, and many more, *A New Dawn* answers these questions and more for a teen (and adult!) audience hungry for clever, view-changing commentary on their favorite series.
